THE LEADING PROFESSIONAL ORGANIZATION FOR THE WASH SECTOR IN AFRICA - **Founded in 1980**

### **VISION**

Our vision is to become a strong well known African institution in the capacities building of its Members in view to providing adequate drinking water and sanitation services to all, in an efficient manner.

### **MISSION & OBJECTIVES**

- \*To undertake programs and support knowledge sharing in sustainable water management- its science -practice and policy, through professional development, networking and advocacy.
- \*To support the Members to achieve the Sustainable Development Goals (SDGs) and other near-term targets that have been established for Africa.
- \* To promote partnerships between utility members focused on mentoring for improved utility performance.
- \*To strengthen sector advocacy efforts toward African governments and institutions for consideration of water and sanitation issues in public policy and allocation of resources.
- \* To promote capacity building and performance improvement products and services to affect the measured performance of utilities.
- \* To leverage institutional partnerships and networks to improve visibility as the acknowledged leader and trusted source of sector knowledge and opinion.
- \* To promote scientific knowledge research and production through project grants implemented by Member utilities.
