Dastec SRL has been dedicated to the provision of instruments for measurements and process control for more than 25 years, designed to meet the diverse needs of several industries. The company's mission is to advise our customers with the latest technology in process instrumentation. Dastec SRL's sustained growth is based on the excellence of the products the company represents.

Dastec SRL has a specialized division in Liquid Analytical and Process measurements where we work in applications such as: Water Quality, Concentration, Density, Viscosity, Oil in Water, among others.

Other divisions that Dastec SRL works with: Hydrology, Meteorology and Environment, Gas Detectors and Personal Protection, Gas Analytics, Oil & Gas, etc.
