We're There.

Products: Industrial Instrumentation

Services: Calibration and Testing Laboratory

Since 1953, Winters Instruments has been manufacturing quality built instrumentation for all markets that require pressure and temperature measurement.

Through the years, the company has grown in size and reputation and is now a leading, global manufacturer of industrial instrumentation. Our comprehensive product lines of pressure gauges, thermometers, diaphragm seals, transmitters, switches and accessories are brought to market by an extensive network of distribution partners and are trusted by some of the world's most recognized Fortune 500 companies.

Winters Instruments currently operates from 9 worldwide offices. In North America alone, Winters operates 3 stocking facilities, enabling distributors to access over \$10 million worth of inventory.
