# ZENNER

Todo lo que cuenta.

The IWA Water and Development Congress & Exhibition 2017 in Buenos Aires will give ZENNER the big opportunity to take place in the global water community. At IWA 2017 we will show our intelligent and robust solutions for water-, heat- and gas-metering for utilities and industry. The ZENNER product line includes apartment, residential and bulk water meters, heating and cooling meters, gas meters and up-to-date system technology such as remote-controlled radio and M-bus systems.
