Based on a leasing (affermage) contract Since 23th of April 1996, Sénégalaise Des Eaux has been in charge of the drinking water service in urban areas. With 1200 collaborators, SDE is in charge of water drinking operation and maintenance for 66 urban areas and provides water for 6.5 million people daily in 66 urban areas in Senegal. SDE has a management based on Quality management (ISO 9001), integrating security aspects (OHSAS 18001) and Environment aspect (ISO 14001). SDE is the first company producing, distributing drinking water in Africa certified QSE (Quality, Security and Environment), and since January 2015 it becomes an exemplary company in corporate social responsibility with 702 points in this reference. During more 20 years, the performance of the company has contributed significantly to the achievement of the millennium development goal (MDGs) by the state of Senegal. This in relationship with the other actors of the water sector in Senegal.
