Ketech Scientific Instrument Co., Ltd.

Ketech Instrument, founded since 1992, has established its profound status as a professional instrument company. With more than 25 years experiences in industrial analysis, Ketech has devoted to the design and manufacture for water quality in-line monitoring analyzers, process instrumentation and system integration. Ketech has also created our own brand, a pure 100% Chinese Taipei manufactured ChemMIT series, with core products covering on-line heavy metal analyzers (Cu, Zn, Ni, Cr6+...), toxic ion analyzers (fluoride ion, cyanide...), and environmental analyzers (COD, ammonia, nitrogen, phosphate...) for various applications. Its factory is situated in Kaohsiung Chinese Taipei where provides a good environment for developing state-of-the-art products and technologies for customers.
