

## Stand 10

### Ontoto

Ontoto specialises in ultra-low power, turnkey data logging and telemetry systems.

With design and manufacturing inhouse we are able to rapidly develop and supply innovative solutions utilising the very latest technologies. Easy to deploy, robust and cost effective. Ontoto is honored to be part of IWA WWCE 2018 in Tokyo in providing the world water industry leaders with quality and affordable state of the art monitoring and compliance tools.

Tim Blake, Managing Director Ontoto
