**TEC International Co., Ltd.**

TEC International Co., Ltd. (TECI) is a Japanese consulting firm specialized for the global water sector market. TECI maintains sufficient professional staff to provide integrated consulting services for water and environmental engineering works, including project formulation, planning, designing, cost estimation, financial planning, tendering assistance, construction supervision and capacity development.

The logo for TEC International Co., Ltd. is rendered in a bold, red, cursive script. The letters 'T', 'E', and 'C' are highly stylized and interconnected, with the 'T' being the largest and most prominent. The 'E' and 'C' are smaller and positioned to the right of the 'T', following the curve of its bottom stroke.
