

IWA WWCE 2018 – Exhibitor Update 8

Dear Exhibitor,

In the coming months towards the IWA World Water Congress & Exhibition 2018 (IWA WWCE2018) we will send you regular updates on various aspects of your participation as exhibitor in this global water event.

All updates will be numbered, so you can easily file them and keep track on progress.

This Update is Update nr. 8.

DEADLINE TECHNICAL ORDER FORMS:

The deadline for the discounted prices in the [Technical order forms](#) will expire tonight at midnight, however with this final reminder we allow you to get the discounted fees until **Monday 6 August end of Business hours** (Japan time zone). See information via the [Exhibitors Portal](#) in [Sakura technical Manual](#).

Please be informed that the setting on the online order forms will automatically change to standard pricing at midnight tonight. It is too late to stop this now, therefore any orders from tomorrow will appear on screen at standard prices. Sakura International will however adjust these back to discount prices for invoicing.

You still can order after this date also of course, but the regular fees then will apply.

VISA DEADLINE:

International Water Association

22 uur · 🌐

Deadline for the VISA application for Japan is August 9, Thursday (Japan time). Send you VISA application NOW! See you at the #WorldWaterCongress www.worldwatercongress.org

Please visit [this page](#) for more information regarding VISA application.
