

### IWA WDCE 2019: New exhibitors

The list of exhibitors for the Water Development Congress and Exhibition 2019 is continuously growing, with a good variety of global exhibitors. Following exhibitors have recently joined us:

**[Turan Makina Plastik Boru Sistemleri A.S.](#)** established in 1995 in Turkey and is a world-wide player in the field of plastic pipe industry

**[Fluid Control Research Institute \(FCRI\)](#)**; FCRI started as a project in 1984 with inputs from UNDP/UNIDO in India. The institute has grown over the past 25 years to one of the leading Research and Calibration/Test Laboratories around the world.

**[UNIHA](#)**, since its foundation in 1979 in Austria, UNIHA is an internationally recognized specialist in the field of water and waste water technology.
