

IWA Water and Development Congress & Exhibition

1 - 5 DECEMBER 2019 - COLOMBO, SRI LANKA

Isle is running the Emerging Technologies Programme and Challenge Exchange Hub at the IWA Water and Development Congress. The Hub will showcase innovative technologies and will act as a meeting point between the stakeholders in water and solution providers.

SEARCHING FOR SUSTAINABLE SOLUTIONS FOR EMERGING ECONOMIES

The IWA Water and Development Congress & Exhibition will gather water professionals with leading practitioners, researchers, and policy makers in order to understand challenges, solutions and development opportunities in other regions of the world. The Congress will feature a mix of workshops, seminars, side events, award ceremonies, poster sessions and an exhibition programme.
