Twitter: twitter.com/scanMesstechnik

The logo for s::can features the letters 's' and 'can' in a bold, blue, sans-serif font. Between the 's' and 'can' are two vertical bars, each composed of three small blue squares stacked vertically.

s::can is the only firm in the world that has given its heart and soul to online water quality measurement. Our product range covers absolutely state-of-the-art measuring instruments for each individual parameter for typical applications in the areas of drinking water, waste water, environmental monitoring, and industrial applications.
